# LAWRENCE RADBURN

**SUMMARY**

Detailed-oriented web development student with a passion for web-development for over 10 years. Possesses foundational knowledge of HTML, CSS, JavaScript, PHP, C#, SQL, and Python. Highly team and with a track-record of working exceptionally well in group settings. Works well individually through self-motivated and objective-oriented attributes.

**PROFESSIONAL ACHIEVEMENTS**

**DEAN'S HONOR LIST**

Earned 89.6% Web Programming. This course focused primarily on JavaScript.

Received 91.2% in Intro to Comp. Prog. using Python.

Acquired 87.7% in Cross-Platform Web Design. I learned HTML, CSS, JS, responsive and mobile-first web design.

**DEVELOPED FAN WEBSITE WITH LARGE COMMUNITY**

I spent over one year developing a large video-game fan website that has attracted over one thousand active fans across various social media websites.

The website is monetized, has a growing mailing-list, is GDPR compliant, and has a couple of volunteers.

This hobby project was created before I enrolled as a web development student. As a result, this project is a mark of my dedication and interest in the web development industry.

**SKILLS**

HTML5, CSS3, SASS/SCSS, JavaScript (ES6), MYSQL

DOM Manipulation, Front End Search Engine Optimization (SEO)

Version Control, GitHub

VS Code (Visual Studio Code), Chrome DevTools
